What happens next

Within 21 days from receipt of the proposal of application notice the Planning Authority may require that the prospective applicant undertake additional consultation/public events/newspaper advertisement if, having due regard to the scale, nature and likely impact of the proposed development, it considers this necessary. If there is no response to a proposal of application notice by the Planning Authority within 21 days then only the statutory minimum 'PAC' activities will be required although prospective applicants will also be required to fulfil any additional activities specified in the proposal of application notice.
