8. continue to make sure interpreter support is available to young people to access work placements, and deaf awareness training is provided before the placement starts.

9. signpost pupils and students to a wide range of information, advice and guidance in BSL about their career and learning choices and the transition process.

Lessons learned from the previous plan:

BSL Accessibility

Raise awareness around the culture of BSL and enable people to access services using their own language.

Access to Employment

Support BSL users to access the labour market.

Democratic Participation
