

Funding for Early Learning and Childcare

West Partnership
cross boundary agreement

Background

All children aged 3 and 4, as well as eligible 2-year-olds, are entitled to access increased free early learning and childcare provision. Each child is provided with 1,140 hours each year, which can be accessed in either Council-run nurseries or private nurseries and childminders which meet the required criteria.

The ability for families to access high quality funded early learning and childcare with the provider of their choice is known as Funding Follows the Child.

The West Partnership – which is made up of 8 Councils – has designed a cross boundary funding protocol to support the implementation of Funding Follows the Child. As well as the 8 local authorities that make up the West Partnership (Glasgow, East Renfrewshire, Renfrewshire, Inverclyde, South Lanarkshire, North Lanarkshire, East Dunbartonshire and West Dunbartonshire), neighbouring local authorities in Argyll and Bute and East, North and South Ayrshire Councils operate in line with this protocol, however access and processes may differ.

This means that, where physical and financial capacity allows, these councils will work together to support families to access their funded hours in a different Council area from where they live.
